894 E. Warner Rd. Ste B-105, Gilbert, AZ 85296
Tel: 480-782-1131 Fax: 480-855-7088

Post-Sedation Instructions

You have chosen to have oral sedation for your dental procedure to help you relax whilst having dental treatment in our office. Please follow these instructions carefully:

1. The medication you have been prescribed will continue to affect you even after you believe the effects of the medication have worn off.
3. Medications normally taken should be taken unless instructed otherwise by Dr. Tandy. They may be taken with a sip of water.
4. **You MUST have an adult escort who can be with you for several hours after your appointment.** This is necessary for your safety and to help you to take care of yourself properly immediately after your appointment. A responsible adult should be available to you or to supervise small children.
5. Do not plan to drive or operate machinery (including automobiles) or conduct business for 24-hours after the appointment.
6. Arrange your schedule so that you can rest for the remainder of the day.
